<i>Listeria monocytogenes</i>	< 10 ² CFU/g
Yeasts and moulds	< 10 ⁵ CFU/g

pH	4.5 ± 0.2	Unit of pH
aw	0.62	
Moisture	30%	
Salt	10%	

PHYSICAL Free of foreign matter and contamination

Packing

Products are packed in their respective cardboard boxes. The cardboard boxes are food grade as to European and FDA regulation.

A label is placed on the surface of the cardboard box, so that the receiver can better identify the goods contained inside it. The label display product name, net weight, batch code, EAN code and best before date.

After packing, cardboard boxes are placed on **euro pallets (100x120 cm)** and film-wrapped accurately, so that they cannot be damaged during transport.

Goods are transported by qualified carrier equipped with appropriate refrigerating means.

Remarks

The present card, annulling and replacing any previous version, is valid from the revision date. Information here given is based on the present condition of our knowledge and experience.
